WELCOME

Welcome to our Open Event. The College is proud to report that after the latest full Ofsted Inspection, we received the highest possible ‘Outstanding: Grade 1’ rating. This puts us at the very top nationally for the quality of our teaching, outcomes for learners, student support, facilities and management.

A copy of the report can be downloaded from our website.

Truro and Penwith College now has over 6,300 full-time and approximately 6,000 part-time students. Whether full-time or part-time, our students and staff are proud of the quality of our buildings and facilities and make full use of the opportunities they provide.

Unsurprisingly, the College is attracting a great deal of interest from prospective students of all ages and our purpose for this day is to enable visitors to view the campus and find out about the wide variety of opportunities we offer.

There is a lot to see and do at the Open Event; we recommend you choose a selection of courses that you are interested in, head over to those locations for more details and attend our helpful talks, details of which can be found on page 11.

Our friendly team of tutors and staff will be able to help you with any questions you may have.

Fantastic activities and experiences also await you around the campus, giving you an even better understanding of the outstanding facilities and courses that are available at Truro and Penwith College.

This programme contains a list of all courses currently on offer and where you can find student support information. If you need any assistance at all, please ask a member of staff or Student Ambassador. We hope you enjoy your visit to the College.
