

Tapestry

Tapestry is the original and leading Childhood Education Platform for nurseries, childminders and schools. Many Early Years settings and primary schools are currently using Tapestry and it is becoming a popular way for settings to communicate effectively and quickly with parents and carers. The IT department of the college have spent a long time looking into the safety of Tapestry to ensure that all information shared is only visible and accessible to the parents and staff at the nursery. No one else can be authorised to access any account. Each Tapestry account is only accessible with an email, password and 4-digit pin.

Tapestry is an easy-to-use and secure online Learning Journal that nursery staff and families can use to celebrate their children's learning and development. You will be able to view your child's daily sheet, their development and progress and the different activities they have enjoyed throughout their time at nursery, whilst uploading your own comments.

To begin your Tapestry journey, the manager will set up a password and a 4-digit-pin individual to your child that only the parents will know. This allows you to access your child's Tapestry account when you wish to, you will be able to see any observations the practitioners have uploaded about your child during their time at nursery, any photos, notifications and videos. You will be able to add any message for the nursery staff, comments on the observations and any observations from home. You can either access your Tapestry account via their website or via the Tapestry app

As your child moves from room to room within the nursery their learning journal will follow them, and the practitioners will continue to add observations and assessments so that you can see your child's development and activities they have enjoyed whilst at nursery.

When each child leaves the nursery ready for school you will have to option to download their learning journal that shows their whole time at nursery as a nice keep sake. Tapestry also provides you with the option for you to purchase your child's learning journal as a book if you wish to.

To find out more information about Tapestry please speak to a member of staff or visit the website below:
