TOP COURSE HIGHLIGHTS

REGULAR ASSESSMENT | BUDGETING AND ANALYSIS | PROGRESSION ROUTES | DEDICATED STUDENT COMMUNITY

ENGAGING ENVIRONMENT

Exciting opportunity to develop your financial skills within a highly supportive and engaging classroom environment.

EXPERIENCED STAFF

Experienced delivery team-lecturers with experience delivering on both further education and professional (AAT) courses in addition to examiners for the specification.

RANGE OF RESOURCES

Range of resources-wide range of materials available to support learners including textbooks, electronic resources, and revision packs.

WHY CHOOSE THIS COURSE?

Learners will enhance their financial skills and understanding of how to prepare accounts for different types of organisations from sole traders to partnerships and limited companies. You will be able to evaluate the performance of a business to make informed investment decisions. Additionally, you will develop your analytical and evaluative skills through extended written responses/essay answers to show further depth of subject knowledge. A Level Accounting particularly complements subjects such as Business Studies and Economics and is also a popular choice for the more mathematically minded.

WHAT WILL I LEARN?

A Level Accounting covers a wide variety of areas including the following:

- Role of the accountant
- Types of business organisatio
- Double entry
- Verification of accounting records
- Accounting concepts
- Preparation of financial statements of sole traders
- Limited company accounts
- Analysis and evaluation of financial informatio
