WHY CHOOSE THIS COURSE?

Do you possess a lively, enquiring mind? Do you enjoy developing your ideas through drawing and utilising a range of processes towards a final project? On this course, you will develop design solutions and explore the power of visual communication as an invaluable commercial tool. The course is structured to support and develop your confidence and individual strengths, from illustrative and traditional studio-based skills through to more graphics and digitally based practice, allowing for a broad and creative approach to design. You will progress through the course with a range of varied and challenging workshops developing fundamental skills and knowledge integral to the world of illustration and design.

WHAT WILL I LEARN?

Year One: Workshops will include experimental drawing and playful image making for students who wish to take the more traditional approach; digital workshops offer all students access to develop skills in industry standard software including Adobe Photoshop, Illustrator and I Design. Other aspects you will explore include typography, thumbnail sketches, layout design, and mixed media, extending these further through digital media. The research and development of your concepts and designs are gathered in your sketchbook. Documenting and constantly reflecting on your creative development, you will become skilled in communicating ideas visually, to meet your clients' needs. By the end of the first year, you will have produced a body of work which documents your creative thinking and design process.

WHERE WILL IT TAKE ME?

You can progress directly from A Level to an arts degree such as Graphic Design, Visual Communication, Illustration, Games Design and Multi-Media Design. Employment as a graphic designer is the clearest route but this course also offers a way into illustration or, with further study, animation; you could work in the media, an advertising company or design agency.

ENTRY REQUIREMENTS

GCSE Art Grade 4 or above (if taken), GCSE English Grade 5 or Humanities Grade 5 and a keen interest in drawing and developing your creativity.
