WHY CHOOSE THIS COURSE?

A-level Dance is a dynamic qualification which encourages you to develop both your creative and intellectual capacity, alongside transferable skills such as team working, communication and problem-solving. By doing this course you can enjoy a career that requires creativity, leadership, confidence, and teamwork.

WHAT WILL I LEARN?

One of the modules of study is Component 1 Performance and Choreography (practical exam, 50%). The aim of this part of the subject content is to allow you to develop and apply the knowledge, understanding and skills required to perform a dance as both a soloist and as part of a quartet. You will also be required to create a piece of group choreography. The solo performance will directly link to a specific practitioner which you are studying in Component 2. You will have the opportunity to explore and analyse key characteristics of both the movement and choreographic style of that practitioner. This will then develop into a solo performance for assessment.

WHERE WILL IT TAKE ME?

By building both subject specialist and transferable skills, students have progressed onto a range of degree courses and employment. Dance is an excellent subject to complement many courses, such as Drama, Musical Theatre, Art, English Literature. History and Psychology. Dance is a highly valued subject by many universities and employers alike.
