TOP COURSE HIGHLIGHTS

EXCELLENT FACILITIES | EXPERT LECTURERS | PROGRESSION FOCUSSED | PERFORMANCE OPPORTUNITIES

LEARN FROM INDUSTRY EXPERTS

You will be taught by staff with extensive experience in a range of fields from within the music industry.

PROGRESSION FOCUSED

The course is designed with progression in mind, giving you the skills to progress onto one of our Level 3 Extended Diploma courses.

TOP QUALITY FACILITIES

Work in state-of-the-art facilities including fully kitted out practice rooms, professional recording studios and computer suites using the latest industry-standard software.

WHY CHOOSE THIS COURSE?

This fast paced one-year programme will provide you with plenty of practical, hands-on learning which will ensure a strong foundation for your future progression, whether you want to continue into performance, music technology or even live events production. The course is designed to enable you to develop the knowledge and skills required for future employment within the creative sector, whilst at the same time giving you the opportunity to practice and improve your skills in a range of music related areas, from performance to composition. The music industry is evolving and changing at an incredible rate, and there are many opportunities for musicians to forge an exciting career for themselves through different pathways.

You will use our fantastic rehearsal facilities to improve and develop the practical skills required for performing in bands and collaborating with other musicians, and you will develop the techniques needed for playing in a range of styles and genres. You will take part in performances and gigs, you will learn about the history of popular music, the music industry, and you will develop employability skills to prepare you for a career in the industry. You will develop music sequencing and composition skills and you will be given many opportunities to review your progress.

WHAT WILL I LEARN?

Performance: Early on in the course you will form a band, and undertake a rigorous rehearsal schedule, exploring a wide range of musical material and you will work towards building a set of songs to perform live at a gig. Performance is at the heart of your course and so you will have lots of opportunities to try new ideas, work with different musicians and develop

your rehearsal, communication, and performance skills on a weekly basis. **Creative Music Technology** During Music Technology sessions you will explore MIDI sequencing, sound editing, digital multitrack recording and mixing. You will have access to dedicated sequencing rooms, digital mixdown suites and our state-of-the-art 24-track digital recording studio.

WHERE WILL IT TAKE ME?

Successful completers of the Level 2 Certificate in Music, coupled with a GCSE Grade 4 or above in Maths or English, most often progress onto one of our Level 3 Extended Diploma courses in Music Performance, Music Technology or Live Events Production. These courses lead onto a range of careers within the industry. Some career pathways include jobs as Session Musicians, Music Promoters and Events managers, Producers and Engineers, Film Composers, Record Label roles including A&R and Management, Journalists and Product Designers.

ENTRY REQUIREMENTS

Three GCSEs at Grade 3 including English Language (or English Literature) and/or Maths. Though no formal music education is required, you should be able to display an enthusiasm and passion for the subject and have some previous experience in performance or production.
