You will be taught by staff with extensive experience in a range of fields from within the music industry.

DEVELOP WORK-RELATED SKILLS

The course is designed with progression in mind, giving you the skills to move into a range of entry level careers within the music industry through a range of practical and vocationally relevant projects.

TOP QUALITY FACILITIES

Work in state-of-the-art facilities including fully kitted out practice rooms, professional recording studios and computer suites using the latest industry standard software.

WHY CHOOSE THIS COURSE?

The music industry is ever expanding, and there are many opportunities for musicians to forge an exciting career for themselves through different pathways. This exciting two-year programme will provide you with a hands-on, vocational approach to working within the music industry, helping you to develop the knowledge and skills required for employment within the music business or further study at university level. You will look at the practical skills required for performing in bands or as a session musician, developing the techniques needed for playing in a range of styles and genres. You will take part in a number of practical projects ranging from gigs at local venues, to community-based music projects and events.

WHAT WILL I LEARN?

If you love popular music, and can see yourself focusing on it every day, both as an individual and through teamwork, then this is the course for you! You will develop composition and song writing skills and look at music sequencing and recording.

WHERE WILL IT TAKE ME?

On completion of this course, you will have the qualifications necessary to progress onto a range of higher education options, either in Music or from a wide range of other options. You will already have the skills required for a number of career options within the performance and production industries.
