C&G LEVEL 1 DIPLOMA IN BRICKLAYING

The role of the bricklayer is to lay bricks, blocks and stone accurately and consistently to architect specifications. They work inside and outside of properties, building and repairing walls as well as specialist brickwork such as chimneys and fireplaces.

Level 1 · Other · Truro College

TOP COURSE HIGHLIGHTS

SMALL CLASSES | EXPERIENCED TUTORS | INDUSTRY-STANDARD FACILITIES | GOOD LINKS WITH EMPLOYERS

LEARN FROM SECTOR EXPERTS

You will be taught by staff with extensive experience who will advance your knowledge and skills to meet the expectations of the construction industry.

DEVELOP WORK-RELATED SKILLS

During your programme, you will also develop personal and work-related skills which will help prepare you for full-time work after you have completed your full-time training in College.

ENJOY PROFESSIONAL SURROUNDINGS

Our Construction areas are equipped with the latest industry-standard equipment and resources. We enjoy partnerships with may large suppliers meaning students get to experience trades as they would in the workplace.

WHY CHOOSE THIS COURSE?

This course is the first step to a career as a bricklayer. You will gain an understanding of the construction industry and have an opportunity to apply learning in a practical and realistic way. This course follows a programme of study that enables progression to further courses such as the Level 2 Diploma in Bricklaying and employment within the construction industry. You will develop independent learning skills and learn how craft activities are carried out safely, and how they contribute to our built environment. You will be taught practical skills in our first-class workshops as well as gaining knowledge of how the construction industry operates in our well-equipped classrooms and computer suites.

WHAT WILL I LEARN?

If you are a full-time student aged 16-18, you will follow a study programme which will consist of your main Bricklaying course, enterprise and enrichment activities, and English, Maths and work-related experience. Throughout your programme you will also develop personal and work-related skills which will help prepare you for full time work after you have finished your full-time training in College. You will also be given the opportunity to apply for an Apprenticeship. You will be taught through a blended learning approach incorporating taught sessions, workplace learning, assessments and online learning. One to one support, tuition and advice are available from our team of experienced and qualified tutors, assessors and advisors. Units that you will study include:

- **Principles of building construction, information and communication** The aim of this unit is to provide you with the knowledge of building methods and construction technology, including aspects of job roles, communication, documentation, drawings, energy efficiency, foundations, internal and external walls, floors and roofs.

WHERE WILL IT TAKE ME?

Upon successful completion of this course, you will be able to progress onto a Level 2 Diploma in Bricklaying which requires a further year of study. Alternatively, you could progress onto an Apprenticeship. Further study will enable you to work towards more senior roles within the construction industry such as a bricklayer, stonemason, site manager, quantity surveyor, or architect.

ENTRY REQUIREMENTS

Grade 2 or equivalent in GCSE Maths and English Language and you must have a keen interest in the chosen subject. You will be invited to attend an interview with the course manager, all successful candidates will gain a place on the programme.
