LEVEL 2 FOUNDATION CERTIFICATE IN EDUCATION

This course will help you build the knowledge, confidence and transferable skills needed to explore further study and potential careers in education and learning support. You will develop an understanding of how people learn and the importance of creating safe, inclusive and supportive learning environments.

Level 2 · Progression · Truro College

TOP COURSE HIGHLIGHTS

PRACTICAL LEARNING ACTIVITIES | TEAMWORK AND COMMUNICATION | CAREER EXPLORATION | PROGRESSION PLANNING

LEARN FROM SECTOR EXPERTS

Explore the education sector with support from tutors who can help you connect theory to everyday practice.

DEVELOP WORK-RELATED SKILLS

Strengthening your organisation, communication, teamwork, reflection and problem-solving skills through meaningful placement.

BUILDING SKILLS

Build knowledge, understanding and skills in planning, evidence-based decision making, observing and data interpretation.

WHY CHOOSE THIS COURSE?

If you are interested in working with children or young people, supporting learning or finding out more about the education sector, this course offers a foundation for your next steps. You will explore the professional attitudes, communication skills and responsibilities associated with education settings. This course will also give the opportunity to build on your English and Maths Skills to support progression to T Level or V Level qualification in Early Years and Education, as well as apprenticeships.

Education can offer a rewarding route for people who enjoy helping others learn, develop and succeed. This 1-year programme introduces you to the importance of inclusion, safeguarding, positive relationships and professional practice. You will be encouraged to take on new challenges, work independently and with others, and reflect on your personal development.

WHAT WILL I LEARN?

Learning will involve tutor-led activities, discussions, independent research, presentations, projects and practical tasks. Indicative areas of learning: Planning learning activities, Purposeful communication, Supporting Inclusion, Risk Assessments and Interpreting assessment information. **As the specification has not been released, we are unable to share units, placements and assessment information. This will be available at interview.** English and maths are important elements of a full-time college programme. Additional study may be required depending on your existing qualifications.

WHERE WILL IT TAKE ME?

Careers: This foundation course can help you explore routes towards education support, teaching assistant work and other roles in schools or learning settings. Further qualifications, experience and relevant checks may be required for particular jobs. Progression: Depending on your achievement and entry requirements, possible next steps may include a higher-level education-related qualification, a relevant apprenticeship or another suitable Level 3 programme.

ENTRY REQUIREMENTS

To be confirmed by the college for this programme.
