T LEVEL HEALTH

The T Level in health is a high quality, work focused alternative to A Levels for young people who want to work in the health sector. This technical qualification prepares students for work and further study in this industry.

Level 3 · T Level · STEM & Health Skills, Bodmin

TOP COURSE HIGHLIGHTS

BACKED BY EMPLOYERS | DEVELOPED BY EXPERTS | DELIVERED BY PROFESSIONALS | COLLABORATIVE APPROACH

PROGRESSION OPPORTUNITIES

On completion of this two-year course, learners will have UCAS points that will support progression to study at university level or a higher-level technical qualification. Learners will also complete a range of induction activities and mandatory training, specific to their employers needs.

PLACEMENT FOCUS

This course has been created alongside industry experts and is focussed on industry placements. Learners will complete a minimum of 315 clinical hours as part of their placement with local employers. Learners will be required to demonstrate core skills, supported by underpinning knowledge and understanding gained through assessment and observation.

OCCUPATIONAL SPECIALISMS

The T Level in Health offers a range of occupational specialisms and dependent on learner numbers and availability we will offer modules in supporting adult nursing, midwifery, mental health and therapy teams as well as the care of children and young people.

WHY CHOOSE THIS COURSE?

This qualification has been developed by experts and employers and reflects the needs of specialist occupations within the healthcare sector. This course will provide learners with the knowledge, skills and behaviours required to progress into a wide range of skilled employment options or higher-level technical study. Truro and Penwith College offer a range of higher-level university courses and apprenticeships that will allow T Level students to progress onto. The core content covers a breadth of subjects related to the health and science sector and includes core science concepts, health and wellbeing, safeguarding, person-centred care, good clinical practice and infection, prevention and control.

ENTRY REQUIREMENTS

A minimum of five GCSEs at Grade 4 to include English Language or Literature, Maths and Science.
