TOP COURSE HIGHLIGHTS

ARRANGE GIGS | STUDIO WORKSHOPS | INSTRUMENT SESSIONS | PERFORM SOLO

GREAT PROGRESSION OPPORTUNITIES

This course will help you decide what will suit you as you progress towards your career. You might start the course with a focus on Music performance but find that the creating your own professional tracks is where your passion lies.

EXPLORE INDUSTRY ROLES

You'll get an introduction to the diversity of roles and responsibilities within the music performance and production sector as well as the importance of health and safety which is integral to the performer and your productions. You will also learn about the personal and professional characteristics needed for a career in the music industry

BUILDING YOUR SKILLS

Within the course your tutors will support you to build on your English and mathematics skills as you study towards your GCSEs in both subjects. They will also support you to develop your academic and practical skills so that you are ready to tackle the challenges of a level 3 course or apprenticeship the following year.

WHY CHOOSE THIS COURSE?

The Level 2 Award in Music Performance and Production has been developed to provide you with an understanding of Music Performance and Production as a collaborative activity and prepare you for the reality of the sector, as well as give you tools for progression onto Higher Education and into Employment, discussing different paths available to you. The qualification has been designed for students who have an interest in music performance and/or music production or a related subject who wish to explore and extend this interest via a full-time, immersive learning experience. Alongside your performance skills, you will also learn the technical aspects of music production using our industry standard software and recording equipment.

WHAT WILL I LEARN?

This course will develop your knowledge and skills as you put together a portfolio of evidence for 2 units. Starting with Introduction to music performance which introduces you to a range of activities essential to the development and delivery of a performance. It will introduce the basic elements of music performance, the process of rehearsal, production and delivery of a performance and impart an understanding of performing as a collaborative activity. Introduction to music production then introduces you to the diversity of roles and responsibilities within the music performance and production

sector. You'll learn how to use a music studio as well as industry standard software.

WHERE WILL IT TAKE ME?

Successful completion of this course will lead to you developing your own music style, gaining confidence in your skills, and planning your career. This course could lead to jobs in the industry such as a studio technician, performer, junior producer, or instrument technician. Alternatively, you could progress onto Higher Education.

ENTRY REQUIREMENTS

You will need to have gained a grade 3 in both English and Mathematics plus a grade 3 or above in at least 2 more subjects at GCSE level to do this course. You do not need a music qualification but proficiency in an instrument is key.
