WHY CHOOSE THIS COURSE?

By taking the Level 2 Art and Design Diploma, you will have the opportunity to explore and discover new ways of working with methods of production and specialist techniques in areas such as drawing, painting, printmaking, graphic design, textiles, and sculpture. You will also research the lives and work of other selected artists and designers related to each project. This research will inspire and inform your own creative outcomes alongside developing your verbal and written analytical skills and use of formal art and design language. encourages you to be experimental with your approach and to explore lots of visual ideas, which will lead to you making exciting two-dimensional and three-dimensional finished work.

WHAT WILL I LEARN?

The Level 2 Art and Design Diploma provides the perfect stepping stone to further study by engaging students with a wide range of media. It enables you to build your skills, knowledge and portfolio in preparation for progression to the Level 3 Extended Diploma in Art and Design or alternatively a range of other qualifications offered at the College. The course is taught through practical projects and assignments, the projects cover a range of art skills such as drawing, painting, printmaking and crafts such as textiles. You will produce individual outcomes through guided research, ideas, development, media experimentation and evaluation. During the course, we also make research visits to art galleries and exhibitions. You will have the opportunity to exhibit your artwork at different points throughout the year, which then culminates in a large external exhibition of the whole art department in June.
