At Truro and Penwith College, we have dedicated Student Support Assistants available to offer support and advice to Higher Education students. We make reasonable adjustments to assist with learning needs and environmental adaptations. Early identification of support needs makes us better able to put appropriate arrangements in place. Higher Education Student Support Assistants will work with you in a confidential environment to discuss your individual study requirements and help arrange any support or adjustments you may require while you are studying with us.

This also covers queries regarding:

- Student loans and finance
- Disabled Students Allowance (DSA)
- Student reps
- Dyslexia testing

For further information or to make an appointment please call using the details above.
