

Register with GetMyFirstJob

You have now started your journey to find your dream Apprenticeship. You can build your profile & search for opportunities – plus employers & training providers can talent spot you for relevant roles!

Managing your data

You can **manage your data** and your preferences at any time within your GetMyFirstJob profile.

You can request the data we hold on you by emailing: data@getmyfirstjob.co.uk

You can see all these details in our privacy policy by clicking [here](#)

Securely Storing Your Details

We store your data on a server in a **secure building** in the UK

We will also use cloud based systems to send you emails or SMS messages. These systems will **not store all of your details**, just the elements that are needed to send you relevant content.

How Long Do We Store Your Data?

We know that choosing a career can take some time, so we will **store your data for up to 2 years** after your last interaction with us.

At any time, you can change the communications you receive from us, or remove your account, by visiting your profile on getmyfirstjob.co.uk

After 2 years we delete or anonymise your details automatically.

What we do with your data

You Can Be Talent Spotted!

We work with partners including **training organisations and employers across the UK** who provide education programmes, apprenticeships, traineeships, and other similar opportunities. They will access your data to look at your profile and make contact with you via email, SMS or Phone.

These are core to the service we offer, and by registering you agree for us to **hold and use your data** in this way as a **legitimate interest**.

We will send you information about **roles that relate specifically to your profile**, or other roles that we think might be useful to you as you explore the options open to you. Should you not want to receive these messages, you can **change your preferences** in your profile on the system.
